

FATIMA HASSAN

Full Stack Developer

fatimahassanhassan8@gmail.com | (961) 81 724 159

Tyre, South Governorate, Lebanon

<https://www.linkedin.com/in/fatima-hassan-a8592a273> | <https://github.com/Fatimahs2002>

A Motivated and detail-oriented Full Stack developer with 3+ years of internship and freelance experience. Skilled in JavaScript, React.js, Node.js, and databases (SQL/NoSQL). Passionate about building scalable web apps and intuitive user interfaces. I thrive in collaborative, fast-paced environments and aim to contribute to innovative, event-driven platforms.

Experience

Brainkets - Tyre, Lebanon

Feb 2025 – Mar 2025

Frontend Developer Intern

- Built responsive user interfaces using **React.js**, **TypeScript**, **PrimeReact**, and **Tailwind CSS**.
- Collaborated with developers and designers in an Agile environment.

Coding & Create - Beqaa, Lebanon

Sep 2024 – Oct 2024

Web Developer Intern

- Contributed to front-end and back-end components of various web applications using **JavaScript**, **React**, and **Node.js**.
- Practiced version control using **Git** and collaborated through GitHub.

DR Marketing - Tripoli, Lebanon

May 2024 -Aug2024

Freelance Full-Stack Developer

- Developed a full-featured **e-commerce platform** using the **MERN stack**, deployed on **Render**.
- Built a static website for a pest control service using **HTML**, **CSS**, **Bootstrap**, and **JavaScript**.

Violet Pro - Aabbasiyyeh, Lebanon

Mar 2023 – Apr 2023

Web Developer Intern

- Created a CRUD-enabled restaurant website using **PHP**, **SQL**, and **Bootstrap**.
- Implemented structured backend logic for menu management.

Education

Bachelor's degree in Informatics – Software Branch

2021-2022

Training

- **Full-Stack Development Training** — Led by Rony Rizk (HTML5, JavaScript, CSS3, Node.js, Express, React.js, SQL, MongoDB, Docker, Redux, JWT, GraphQL, OAuth, RabbitMQ)
- **Mobile App Development Course**— Ramaq Association (UNICEF GIL Program).
- **IBM Full Stack Software Developer Certificate** — Coursera & Global Learning (Covered cloud computing, full-stack development, Python, SQL/Django, containerization, microservices, and serverless architectures).
- **IT & Programming Course** — CIS College with Anera (Web Development, Microsoft Office, Networking).

Projects

Portfolio

- Developed a responsive portfolio using **React.js** and **Bootstrap** to highlight full-stack development expertise.
- Integrated **Node.js** for backend functionality, enabling email submissions through a contact form.
- Deployed the portfolio online: <https://portolio-1gj0.onrender.com/>

Employee Mangment System

- Developed a full-featured employee management system using **React.js** and **SQLite**.
- Enabled HR to manage employees and track timesheets effectively.
- Integrated a calendar view to display all timesheets with **start and end dates**, improving visibility and planning.
- Source code: <https://github.com/Fatimahs2002/-employee-management-system.git>
