<https://github.com/Fatimahs2002>

A passionate full-stack developer, eager to learn and grow personally. Experienced in JavaScript, React.js, Node.js, MongoDB, SQL, Docker, and Kubernetes. Skilled in creating user-friendly web interfaces, with the ability to collaborate effectively within dynamic development teams.

Professional experience

Frontend Developer Intern at Brainkets Company	Feb 2025 – Mar 2025
---	----------------------------

- Collaborated closely with the team to create and maintain engaging user interfaces using React.js, PrimeReact, Tailwind CSS, and TypeScript.

Web Development Intern at Coding & Create	Sep 2024 – Oct 2024
--	----------------------------

- Gained hands-on experience in web development by contributing to various projects.

Freelance Full-Stack Developer at DR Marketing Company	May 2024 – Aug 2024
---	----------------------------

- Developed an e-commerce website for a cleaning and beauty supplies factory using MERN stack technologies (MongoDB, Express.js, React.js, Node.js) and Bootstrap. Hosted both the front-end and back-end on Render.
- Created a static website interface for a pest control company using JavaScript, HTML, CSS, and Bootstrap.

Web Developer Intern at Violet Pro Company	Mar 2023 – Apr 2023
---	----------------------------

- Developed a restaurant website that allows users to manage menu items (CRUD operations) using HTML, CSS, JavaScript, Bootstrap, SQL, and PHP.
