FATIMA HASSAN

Full Stack Developer

fatimahassanhassan8@gmail.com | (961) 81 724 159

Tyre, South Governorate, Lebanon

https://www.linkedin.com/in/fatima-hassan-a8592a273 | https://github.com/Fatimahs2002

A motivated, detail-oriented full-stack software developer with over three years of internship, freelance, and hands-on experience. Proficient in JavaScript, React.js, Node.js, SQL, and NoSQL databases. I have experience building scalable web applications, intuitive user interfaces, and robust backend services, and I'm familiar with Docker and Kubernetes. As a passionate woman in tech, I'm driven to contribute to innovative, event-driven platforms in a collaborative, fast-paced environment.

Experience

Frontend Developer Intern at Brainkets Company   **Feb 2025 – Mar 2025**

- Built responsive user interfaces using **React.js**, **TypeScript**, **PrimeReact**, and **Tailwind CSS**.
- Collaborated with developers and designers in an Agile environment.

Web Development Intern at Coding & Create   **Sep 2024 – Oct 2024**

- Contributed to front-end and back-end components of various web applications using **JavaScript**, **React**, and **Node.js**.
- Practiced version control using **Git** and collaborated through GitHub.

Freelance Full-Stack Developer at DR Marketing Company   **May 2024 – Aug 2024**

- Developed a full-featured **e-commerce platform** using the **MERN stack**, deployed on **Render**.
- Built a static website for a pest control service using **HTML**, **CSS**, **Bootstrap**, and **JavaScript**.

Web Developer Intern at Violet Pro Company   **Mar 2023 – Apr 2023**

- Created a CRUD-enabled restaurant website using **PHP**, **SQL**, and **Bootstrap**.
- Implemented structured backend logic for menu management.

Education

Bachelor's degree in IT (LT)- Maarake Official Technical Institute	**2021-2022**
TS in Administrative Informatics - Maarake Official Technical Institute	**2019-2021**
Baccalaureate in Economics and Society - Khalil Jradi Official School	**2018-2019**

Training

- **Full-Stack Development Training —** Led by Rony Rizk (HTML, JavaScript, CSS, Node.js, Express, React.js, SQL, MongoDB, Docker, Redux, JWT, GraphQL, OAuth, RabbitMQ)
- **Mobile App Development Course—** Ramaq Association (UNICEF GIL Program).
- **IBM Full Stack Software Developer Certificate —** Coursera & Global Learning (Covered cloud computing, full-stack development, Python, SQL/Django, containerization, microservices, and serverless architectures).
- **IT & Programming Course —** CIS College with Anera (Web Development, Microsoft Office, Networking).

Projects

Portfolio   **Apr-2025**

- Designed and developed a responsive portfolio using React.js, Bootstrap, and Node.js for email functionality to showcase my skills, projects, and experience as a full-stack developer.
